NO. 25. 25 OF 1934.—Madras Compulsory Labour (Amendment) Act, 1934. 253

BILL to be introduced in the Council of the Governor of Fort St. George assembled for the purpose of making Laws and Regulations.

Under rule 16 of the Madras Legislative Council Rules, the following BILL, together with the Statement of Objects and Reasons, is published for general information :—

BILL No. 25 OF 1934.

A Bill further to amend the Madras Compulsory Labour Act, 1928.

WHEREAS it is expedient further to amend the Madras Compulsory Labour Act, 1928, for the purposes hereinafter appearing:

AND WHEREAS the previous sanction of the Governor General has been obtained to the passing of this Act;

It is hereby enacted as follows:—

1. This Act may be called the Madras Compulsory Labour (Amendment) Act, 1934.

2. For section 5 of the Madras Compulsory Labour Act, 1883, the following section shall be substituted, *namely* :—

"5. It shall be lawful for heads of villages, on the requisition of the officer in charge of such works, as aforesaid, or in his absence, on the requisition of the Tahsildar or in case of emergency when neither such officer nor the Tahsildar is on the spot, of their own motion, to make requisitions upon the inhabitants of their villages for the supply of materials, to wit, earth, stone, trees and leaves, bamboo, straw, gunny bags and the like, necessary for preventing or repairing breaches in the embankments of tanks, rivers and canals and to remove or seize, and, if necessary, to cut down such materials wherever they may be found, giving receipts for them in writing; such materials shall be paid for from the public treasury at the highest prices for which they are sold in the neighbourhood and in case damage is sustained by any person in consequence of the removal, seizure or cutting down of any such materials, compensation shall be made for such damage, the amount of which compensation shall, in case of dispute, be determined in the same manner as amounts payable under section 6. Where the work for which such materials are used belongs to a private person, the amount advanced from the treasury shall be recoverable from him by the same means by which arrears of land revenue are recoverable."

STATEMENT OF OBJECTS AND REASONS.

Section 5 of the Madras Compulsory Labour Act, 1883 (I of 1883), provides that it shall be lawful for heads of villages to make requisitions upon the inhabitants for the supply of materials, to wit, trees and leaves, bamboo, straw and the like, necessary for stopping breaches in the embankments of tanks, rivers and canals and to seize and, if necessary, to cut down such articles wherever they may be found. The section does not provide for a requisition being made for other materials such as earth, stone and gunny bags which are also necessary for stopping breaches. Further, the section

relates only to " stopping breaches " and the power to requisition materials conferred by it can apparently be exercised only after the breach has actually occurred and not for the purpose of preventing a breach which is in imminent danger of occurring. On the other hand section 5 of the Act enables heads of villages to make requisitions for labour to prevent a breach where one is in imminent danger of occurring as well as to repair a breach after it has occurred. The Bill provided for the amendment of section 5 with a view (1) to include earth, stone and gunny bags among the materials for which a requisition may be made, and (2) to take power to make requisitions for materials for the purpose of " preventing " breaches. All materials requisitioned under the section will be paid for at the highest prices prevailing in the neighbourhood.

16th August 1934.
